In THE FEAR MACHINE, John Constantine looks for a way to reconnect to humanity -- but how can such a man ever find inner peace? Constantine finds himself encamped with a new-age pagan group that's tapping into their own psychic abilities -- but a defector contractor is out to exploit their powers. Is the company's aim political, or is it something much more sinister? This volume collects issues 14-22 of the original series.

By rights, John Constantine should be the happiest magician alive. He's just gotten married to the sexy young alchemist Epiphany Greaves and successfully fended off his demonic archenemies a

reception. He'll have to replace the thumb he cut off during a bout of magic-induced madness, but hey, for Constantine, that's not a problem. But the honeymoon is about to end. His niece, Gemma, is out for revenge for an assault she holds her dear Uncle John responsible for—but in her quest for vengeance, she summons a demon she can't control. Gemma's missteps will take John all the way to Hell in the penultimate volume of Vertigo's longest-running series. John Constantine, Hellblazer Vol. 25: Another Season collects issues #276-291 as well as the previously uncollected story "Exposed" from DC's 9/11 anthology.

Constantine, some things are impossible. But when the ghosts that haunt the occult detective start being murdered, it becomes clear the rules have changed. Far worse than ordinary death, this second death means oblivion—no afterlife, no way back. To stop it, Constantine must explore the barriers between the mundane and the extraordinary: the thin places. The investigation takes the Hellblazer from New York City back home to London, where he joins up with an old rival, now an exorcist in Her Majesty's Secret Service. Their dark, tangled history together is filled with music, magic, failed friendships and disastrous romance. But even if Constantine somehow survives the supernatural serial killer, the price involved could leave whatever's left of his soul beaten and broken.
