4300 Ac Wiring And Switch

Hi, I have an 04' international 4300. A/C will not work. the clutch it self is not getting power. I hooked a set of manifold gauges and the pressures look fine to me according to the temperature, now the AC check light was on the first time I checked it, I was able to read a lot of codes, I clear all of them, but three of them still coming back. 16:2 2033_14A 9:1 611_14P and 5:1 611_14P I don ...

INTERNATIONAL (Navistar) - SWITCHES PRESSURE - AC Parts ...

The problem was a bad connection to that 3 wire switch at a splice that prevented the 5 volt ref from getting there and back to the BCM. After we repaired the connection, it became obvious the switch was also bad as the system kept cutting out while a gentle smack to the switch would cause the system to return.
