A History Of Political Theories

Political philosophy, branch of philosophy that is concerned, at the most abstract level, with the concepts and arguments involved in political opinion. The central problem of political philosophy is how to deploy or limit public power so as to maintain the survival and enhance the quality of human life.

political philosophy | Definition, History, Theories ...

political science, the systematic study of governance by the application of empirical and generally scientific methods of analysis. As traditionally defined and studied, political science examines the state and its organs and institutions. The contemporary discipline, however, is considerably broader than this, encompassing studies of all the societal, cultural, and psychological factors that ...
