Early history. Basic concepts of international law such as treaties can be traced back thousands of years. Early examples of treaties include around 2100 BC an agreement between the rulers of the city-states of Lagash and Umma in Mesopotamia, inscribed on a stone block, setting a prescribed boundary between their two states. Around 1000 BC, an agreement was signed between Ramses II of Egypt ...

Important developments in patent law emerged during the 18th century through a slow process of judicial interpretation of the law. During the reign of Queen Anne, patent applications were required to supply a complete specification of the principles of operation of the invention for public access. Patenting medicines was particular popular in the mid-eighteenth century and then declined.

Corn Law, in English history, any of the regulations governing the import and export of grain. Records mention the imposition of Corn Laws as early as the 12th century. The laws became politically important in the late 18th century and the first half of the 19th century, during the grain shortage caused by Britain's growing population and by the blockades imposed in the Napoleonic Wars.
