### Bank Wizard API Guide - Experian

Bank Wizard is sophisticated software designed to validate and verify bank account details and card details before you submit them to an electronic payment system. You can validate the account details for individual or multiple countries. For United Kingdom current accounts, you can also verify that your customer and the account are connected.

### What is Bank Wizard

Each Wizard's bank holds up to 150 equipment or housing items, while the shared bank can hold up to 100. The shared bank can also hold up to 999 of every kind of reagent and pet snack, and 100 jewels. Unlike your Wizard's personal bank, anything stored in the shared bank may be accessed by any Wizard on your account.
