Beech Illustrated Parts Catalog Now Available Online

Development. Development of the Starship began in 1979 when Beech decided to explore designs for a successor to its King Air line of turboprops that would fly faster and carry more passengers. The design was originated by Beechcraft in January 1980 as Preliminary Design 330 (PD 330). [citation needed] Beechcraft President Linden Blue was the executive sponsor of the project at its inception.

[IMGCAP(1)]The 33 Bonanza is one of the few piston singles to survive the great general aviation slump of the 1980s. The quintessential doctor/lawyer single, it even outlived the previous archetype, the Model 35 V-tail Bonanza.Owners love its flying qualities, performance, comfort and sturdy construction. However, they also have some words on the high cost of parts and maintenance, typical of ...
