Unit 3 Common Assessment Study Guide ANSWER KEY What is a run-on sentence? Run-on sentences are independent clauses that are incorrectly joined. They are missing needed punctuation and/or a conjunction. For example, if you try to join two independent clauses with just a comma, you have written a run-on as you will also need a conjunction.

Genome sciences have experienced an increasing demand for efficient text-processing tools that can extract biologically relevant information from the growing amount of published literature. In response, a range of text-mining and information-extraction tools have recently been developed specifically for the biological domain. Such tools are only useful if they are designed to meet real-life ...

Evaluation of text-mining systems for biology: overview of ...

A central goal of science education reform is to refocus teaching, learning, and assessment on core concepts or “big ideas” (e.g., NRC 2001a, 2001b; AAAS 2011). One such big idea in the life sciences is biological evolution.
