Cleaning Tools For Home | BLACK+DECKER

Cordless: Most BLACK+DECKER handheld vacuums use a rechargeable battery for power, so they're highly portable and can be used anywhere in your home. Cordless models usually don't have the strongest suction power, though. For a cordless handheld vacuum, power is measured in volts, with most BLACK+DECKER models ranging from 15 to 22 volts.

The first 4 are the one I got from Amazon. The last 2 are the original "Type 2" I have. The plugs don't match. A couple of days later Black and Decker contacts me and says they looked at the pictures but they don't sell a Type 3 version of the driver, and they don't have the model number of the charger listed in their offerings. So is it real ...
