Miracles is a book written by C. S. Lewis, originally published in 1947 and revised in 1960. Lewis argues that before one can learn from the study of history whether or not any miracles have ever occurred, one must first settle the philosophical question of whether it is logically possible that miracles can occur in principle.

1. Hegel's Knowledge of Art. Hegel's Phenomenology of Spirit (1807) contains chapters on the ancient Greek "religion of art" (Kunstreligion) and on the world-view presented in Sophocles' Antigone and Oedipus the King. His philosophy of art proper, however, forms part of his philosophy (rather than phenomenology) of spirit. The Phenomenology can be regarded as the introduction to Hegel ...

And they've got a definite goal, which is not really always egotistical. The nature of having a script is that you have points and scenes where you have to take the audience to a certain place by the end of it. So there's always a goal there. With *The New World* (2005), there was a script. But, he abandoned it most of the time.
