Droid X2 Owners Manual

The earliest origins of droids were lost to history, and, by the time of the New Republic, it was unknown exactly when the first droid was created, though some historians, only taking into account the more advanced worlds, placed the origin of the first droids to approximately 30,000 years before the Battle of Yavin. Nevertheless, for millennia, droids served in galactic society alongside ...

Droids, short for androids, or also called robots, were mechanical beings, often possessing artificial intelligence. They were used in a variety of roles and environments, often those considered too menial or too dangerous for humans and other species. Droids were also used in fields that required extensive specialization and knowledge, such as medical droids and astromech droids. Droids ...
