## Economics - CliffsNotes Study Guides

Economics is divided into two general categories: microeconomics and macroeconomics. One looks at the individual markets while the other looks at an entire economy. From there, we can narrow economics into a number of subfields of study. These include econometrics, economic development, agricultural economics, urban economics, and much more.

If you didn't learn it in class, you need to look for help elsewhere whether through this IB Economics study guide or tutoring. Waiting to study until a week or two before the papers. There are a lot of concepts to master. A week or two is not enough time to learn them all (that is why IB Economics is taught over 1 to 2 years). Learn the topics as you're supposed to learn them in class. Use this study guide if you need extra help.

### **The Best IB Economics Notes and Study Guide for SL/HL**

The prefix micro means small, indicating that microeconomics is concerned with the study of the market system on a small scale. Microeconomics looks at the individual markets that make up the market system and is concerned with the choices made by small economic units such as individual consumers, individual firms, or individual government agencies.
