Fieldwork is an essential component of geography education. It enables pupils to better understand the 'messiness' of 'geographical reality', develop subject knowledge, and gain a range of skills that are difficult to develop in the classroom alone.

Fieldwork within the geography curriculum

Following a Geography degree, Caroline Freedman trained as a secondary Geography Teacher. She has since retrained as a primary teacher but has kept her love of geography and tries to put it in its rightful place at the heart of the primary curriculum. She has run the NQT training in Enfield for the past 7 years.

Geography resources for teachers - Royal Geographical Society

Education in Singapore is managed by the Ministry of Education (MOE). It controls the development and administration of state schools receiving taxpayers' funding, but also has an advisory and supervisory role in respect of private schools. For both private and state schools, there are variations in the extent of autonomy in their curriculum, scope of taxpayers' aid and funding, tuition burden ...

Education in Singapore - Wikipedia

The English national curriculum means children in different schools (at primary and secondary level) study the same subjects to similar standards - it's split into key stages with tests

The national curriculum: Key stage 3 and 4 - GOV.UK

For the whole of the 1970s I taught in secondary schools. (I am that old!) At that time there was no national curriculum (NC), so teachers usually decided what to teach as well as how to teach. These decisions were often guided by the content of textbooks, or examination syllabuses, although a number of innovative curriculum development projects were set up around this time, many by the then ...
