### **(PDF) Experiential Learning: Experience As The Source Of ...**

Experiential learning is the process of learning through experience, and is more specifically defined as "learning through reflection on doing". Hands-on learning can be a form of experiential learning, but does not necessarily involve students reflecting on their product. Experiential learning is distinct from rote or didactic learning, in which the learner plays a comparatively passive role. It is related to, but not synonymous with, other forms of active learning such as action ...
