Fever 1793 Discussion Guide | Scholastic

It's 1793, and though business has never been better at the coffeehouse run by Matilda's widowed, strong-minded mother in what is then the national capital, vague rumors of disease come home to roost when the serving girl dies without warning one August night.

FEVER 1793 | Kirkus Reviews

Fever 1793 begins in August 1793, with 14-year-old Matilda Cook awakening to a typical day: she helps her mother, grandfather, and the cook Eliza run the Cook family coffeehouse, a business Matilda's mother manages alone since her husband's death.

Fever 1793 Summary & Study Guide | SuperSummary

Fever 1793 begins with good historical information for the reader who may not be aware of the situation in Philadelphia. In the middle of the book, the story becomes more melodramatic as it focuses on the main character as she tries desperately to find her mother and a place for her grandfather and her as the fever engulfs the city.
