Most meteorology programs feature lectures, labs, and hands-on experience. At the undergraduate or certificate level, students participate in lectures, as well as work collaboratively with peers and faculty to make weather predictions based on data analysis, field work, and weather models.

Meteorology Degree and Certificate - Online and On-Campus ...

Chapter 11 describes the process of weather forecasting, and Chapter 12 is on manual analysis. Since manual analysis is not incorporated into the forecast process recommended in Chapter 11, the manual analysis chapter seems to be here mainly as a set of technical reminders for students doing laboratory exercises that require manual analysis.
