Hearing The Movies Music And

"Hearing the Movies: Music and Sound in Film History asks students to consider music in the context of the whole soundtrack; that is, in conjunction with sound effects and dialogue. This is a novel and wonderful approach, as the authors incorporate aspects of film sound theory--critical terminology in particular--into the study of film music."--Julie Hubbert, University of South Carolina

There is of course no conceivable objective measurement for attention to music in the soundtrack. In Hearing the Movies, our central goal is to add skills of critical listening to skills of critical viewing, but we also admit the unwanted potential to distort one's viewing practice. That is to say, in recollection and interpretation of a feature film, it is always good to stand back and consider music in the context of the film's overall narrative, design, and effects.
