Over the last couple of years, men have begun to enter the discussion, but women have remained primarily silent. For most of us, it's still the men's world, but statistics show that, at least in Australia, more than one-third of pornography viewers are women. Just last week, I received an email from a girl who leads a small women's group; they'd just discovered that every single one of them ...

While a successful VBAC is associated with fewer complications than an elective repeat C-section, a failed trial of labor after a C-section is associated with more complications, including a uterine rupture. Uterine rupture is rare, happening in less than 1% of women who attempt a trial of labor after cesarean. However, uterine rupture is life-threatening for you and your baby.

Lyrics | AZLyrics.com**

Rape by gender classifies types of rape by the sex and/or gender of both the rapist and the victim. This scope includes both rape and sexual assault more generally. Most research indicates that rape affects women disproportionately, with the majority of people convicted being men; however, since the broadening of the definition of rape in 2012 by the FBI, more attention is being given to male ...
