The owners manual says that you have to use proprietary LG software for file sharing, but the

manual is WRONG. At least, with Windows 10 DNLA works out-of-the-box without downloading and installing any additional software. The manual and box should make this clear without having to guess.

LG Streaming Audio Blu-ray Player Black BP175 - Best Buy

Answer (1 of 13): Almost always. Only a few early model DVD players didn't include the laser required for compatibility with CD playback. You'll usually see a CD logo on the case, but CD compatibility is basically a given these days. Early players might have trouble with CD-R or CD-RW home-burned...
