I like Thomas Walker and Christine Wade's Nicaragua: Living in the Shadow of the Eagle, 5th Edition (2011). It is clearly sympathetic to the revolution, but takes pains to remain even handed. That means having no illusions, for example, about the political direction Daniel Ortega has been taking while also praising successful policies he implemented in the 1980s.

On the other hand, relatively minor deeds by the Contras are hyped way out of proportion. The book's theme is that Nicaragua is helpless in the shadow of the eagle -- the United States. Clearly this is not true, as the Sandinistas have been in power twice, for almost 20 years, despite being opposed by the US.

With Lisa Kay. War has never been limited to the battlefield. It casts an almost impenetrable shadow over everything it touches, but life somehow finds a way to shine, even in the toughest of times. Using archive materials and expert interviews, Living in the Shadow of WW2 explores the ups and downs of everyday life - with a focus on Great Britain - while the greatest war in history raged on.
