had code 94 fault with doors fully open. sdoor and cdoor relays drop out when doors open. believe fault happens when doors are suppose to close. ... schindler gave up on it and we took it, thank you sales guy, we spent a ton of money on boards door op drives etc. btw the door op power wires run straight through the cop board, bypass the board ...

schindler 330A - Elevator Forum

For example, the Society of Automotive Engineers established the J1939 data standard for transmitting vehicle data from all commercial trucks in the US, regardless of manufacturer. This enabled fleet management companies to offer plug-and-play telematics hardware and software that tracks location, fault codes, fuel levels, and other truck data.
