This nerve can cause an electric shock-  
like sensation by striking the medial  
epicondyle of the humerus from  
posteriorly, or inferiorly with the elbow  
flexed. The ulnar nerve is trapped  
between the bone and the overlying skin  
at this point. This is commonly referred  
to as bumping one's "funny bone". This  
name is thought to be a pun, based on

But the Wish-Bone story started with just a single Italian recipe some 60 years ago. In 1945, returning World War II veteran Phillip Sollomi opened a family style chicken restaurant in Kansas City, Missouri and the Wish-Bone was open for business. The restaurant was an immediate success, but it was in 1948 that the Wish-Bone found it's true ...
