Campaign finance in the United States is the financing of electoral campaigns at the federal, state, and local levels. At the federal level, campaign finance law is enacted by Congress and enforced by the Federal Election Commission (FEC), an independent federal agency. Although most campaign spending is privately financed (largely through donors that work in subsidized industries), public ...

A recent Washington Post headline says: "In America, talk turns to something not spoken of for 150 years: Civil war." The story references, among others, Stanford University historian Victor Davis Hanson, who asked in a National Review essay last summer: "How, when, and why has the United States now arrived at the brink of a veritable civil war?"

Thank you sir for your answers. Actually I need the analytical derivative of the function and the value of it at each point in the defined range. i.e. diff  $(F,X)=4*3^{(1/2)}*X$ ; is giving me the analytical derivative of the function. After finding this I also need to find its value at each point of X( i.e., for  $X=(-1:2/511:+1)$ . Similarly the others.
