The speed square only has one right angle, but one of it's main purposes is to quickly define a square line across a board, a line 90 degrees (a right angle) to the edge of a board. For more on the history of the Swanson speed square you may watch this video .

How to Read a Speed Square : 4 Steps - Instructables

Stanley has the manual for their QuickSquare online and I found a public copy of the Swanson Speed Square manual (see links below). The Stanley manual does a great job of explaining all of the different roof types, includes a glossary of terms, and shows you how to use a square to find the correct pitch for different types of roofs.

How to Use a Speed Square — Skill Builder | Make:

x 4's, lay a carpenter square body flush with top edge of the rafter and marking the bottom edge of the square body. For rafters made in 2 x 6's or larger, lay the square body flush with the bottom edge of the rafter and mark along top edge of the square body. On rafters without an eave, the measuring line is along the top edge of the rafter.

The Little Blue Book for Roof and Stairway Layout includes detailed instructions on how to use the Speed Square and Big 12 Speed Square using the One Number Method SM for roof layout. Professional tradesmen rely on accurate measurements. This 60-page book has what is needed to get the job done accurately.

Swanson Little Blue Book of Instructions for Roof and ...

Place your pencil in Speed Square's so-called Diamond cutout (for 3 1/2 inches) or in one of the ten notches located in the triangular cutout (for 3/8-inch to 3 inches). Use a regular pencil, not a carpenter's pencil. Slide the square down the length of the board, drawing the line as you go.

How to Use a Speed Square & Why You Need One

The Speed Square was made for scribing lines quickly. It has a lipped straight edge that provides 90° and 45° angles. Holding the lip of the Speed Square against a board, you can mark out perfect perpendicular and 45° lines as quickly as it takes to slide the Speed Square around. It also includes a scribe bar under its ruler.
