This indispensable guide to how people can choose where to live and what those choices mean to their lives and their communities is essential reading for everyone from urban planners and mayors to recent graduates.

Who's Your City?: How the Creative Economy Is Making Where ...

Who's Your City?: How the Creative Economy Is Making Where You Live the Most Important Decision of Your Life is a non-fiction book written by Richard Florida. The book advances Florida's previous work on the locational choices of people and businesses. He adds a dimension of environmental psychology by assigning psychological profiles to urban regions according to the dominant personality traits of the people who live there. For example, the New York metropolitan area and the ChiPitts area have
